

Hello from Missouri.

Did you know that missionary students have car problems? We just finished a week of repairing and diagnosing car problems on 42 cars that students and staff have. There is a group of mechanics that donate 1 week of time to fix problems with cars on campus for free. They come from many different states. The funds for parts to fix the cars are also donated by churches and people. Praise GOD cars are safer, have less vibrations, new oil, bearings and other parts to make the cars last a few more years.

I, Dwayne repair the campus vehicles and equipment that helps keep campus running. Flat tires, dead batteries, broken chains, oil leaks, greasing the loader are part of the work that needs done. There are students who work with me in the afternoons to complete these jobs. We have a great discipleship time talking about problems or what they are learning in classes. Pray for these students as God teaches them to follow Him. Pray for wisdom as Dwayne fixes cars and disciples' students.

Susie will be helping in childcare during a special safety course for missionaries who go overseas. The world is no longer a safe place to be in. We need to be aware of what is going on around us and be vigilant. Pray that missionaries will be trained sufficiently to help them when they encounter difficulties.

Adellie is in Ethnos360 Bible school in WI. Dyslexia makes it challenging, but she is writing papers and doing homework. She has a good group of roommates who help her with words and with friendship. Susie said she feels she is enrolled as well as she helps give ideas to write papers to Adellie. Pray for Adellie in Bible school.

Asher is in the Army in North Carolina. We hope to see him in November. Pray that God would encourage him to keep reading the Bible.

Kegan is struggling with autism. He was able to get his ID card this week. and he has applied for a job at Walmart. It was extremely difficult to prove residency because he has not worked or had a bank account for over 2 years. Pray that Kegan will find a job that he likes to do and can become independent.

Kira is a master baker at Panera. She has milking goats and has completed massage therapy degree. She is having fun knitting sweaters and making clothes. She is dating a Godly man who we like. Pray for Kira as she seeks God's will for her life.

Thank you for your prayer and support as we train new missionaries for overseas service. Satan does not want the lost to hear and discouraged Christians to be brought back into fellowship with our loving Creator.

Please feel free to write to us or call to hear how we are doing.
