JUNIPER
COMMUNITY MISSIONS

Children Leading the Way

Don't let anyone look down on you because you are young, but set an example for the believers in speech, in conduct, in love, in faith and in purity.
I Timothy 4:12

At the end of August, we sent out an urgent prayer request as the gangs began to push even closer to the area we serve. The gangs came through the mountain, coming very close to the ministry center, before the police were able to push them back. This even involved gunfire from a helicopter. The church closest to the violence could not have Bible Club that week, as the parents were afraid to send the children to club. The fighting still goes on, though not as close as before. The gunfire can still be heard from the ministry center.

Other than the one club that could not meet the week mentioned, all of the Bible clubs are still running strong. Each weekend, the churches are filled with excited children ready for a break from their reality. They spend the day with activities, including singing, dancing, sports, and learning God's word. This is followed by a huge plate of nutritious food that most of us wouldn't be able to finish. We are not sure where those kids put all of that food, but it is a joy to see them with a big plate of it.

Bible club is one of the most effective ways we have to reach the lost in Haiti. Those who have no interest in Christ will send their kids for the hot meal. They are receiving so much more. The most important part of the club is planting God's word in these kids. Many also attend church services. Often the mom will eventually come to church services to see why their child wants to go. This is an opportunity for Christ to change the life of a family. Forever changed! This is what the heart of Bible Club is as a ministry. Reaching the lost through the children to bring change to the

whole family. This happens at 10 churches every weekend. Well over 1000 kids are learning God's word, having a good hot meal, and taking the knowledge of God home to their families. We are able to support these 10 churches through monthly sponsors and general giving. Thank you!

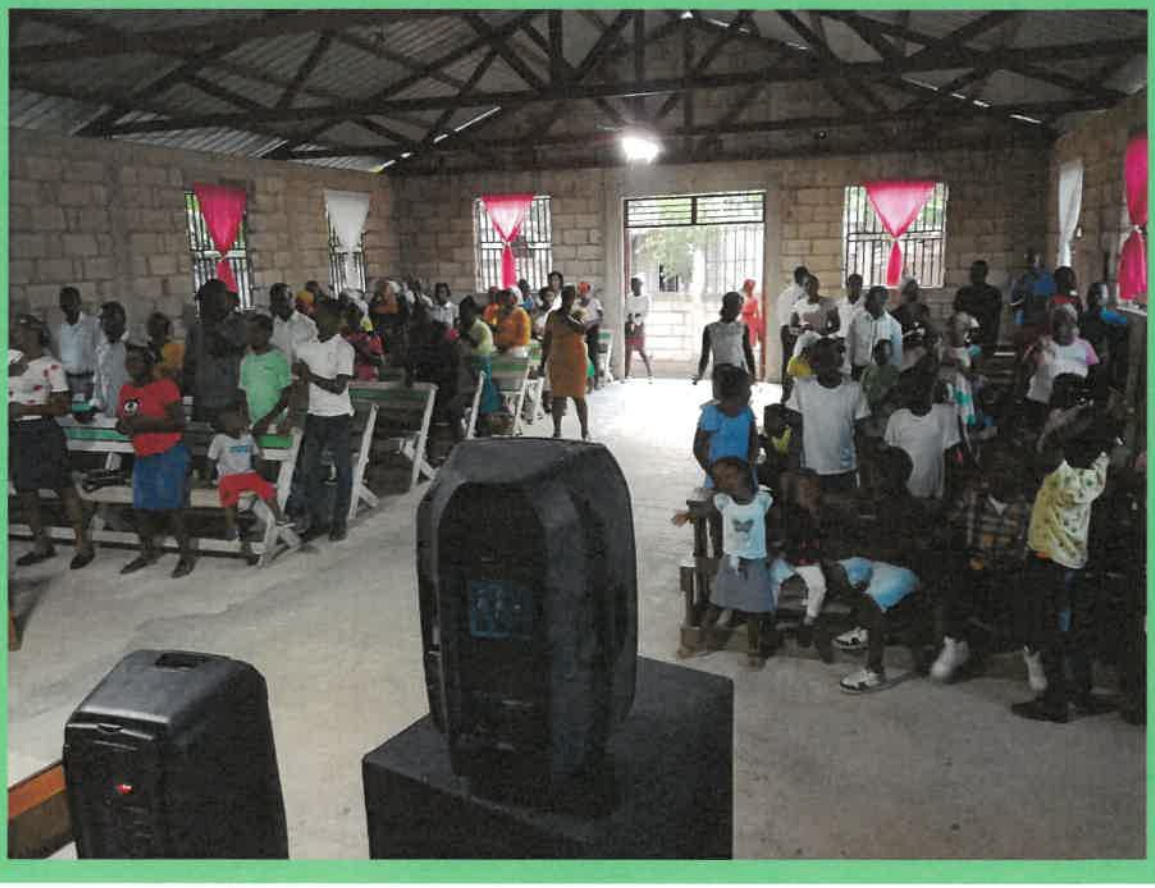

Many churches want to start Bible clubs, but we cannot take on any more until we find more sponsors to fund the ones we already support. If you or someone you know would like to support Bible club, please reach out or visit our website juniperhaiti.org. It costs $25 per month to support 10 kids in Bible club. This helps to cover the cost of the food. Once we fund existing clubs, we will begin adding additional churches to the program.

July was VBS month. We were able to fund 10 churches to have VBS this year. VBS is several days long and is like Bible club on steroids. Some churches have between 200 and 300 children each day. Often this leads to additional kids attending the weekly Bible clubs.

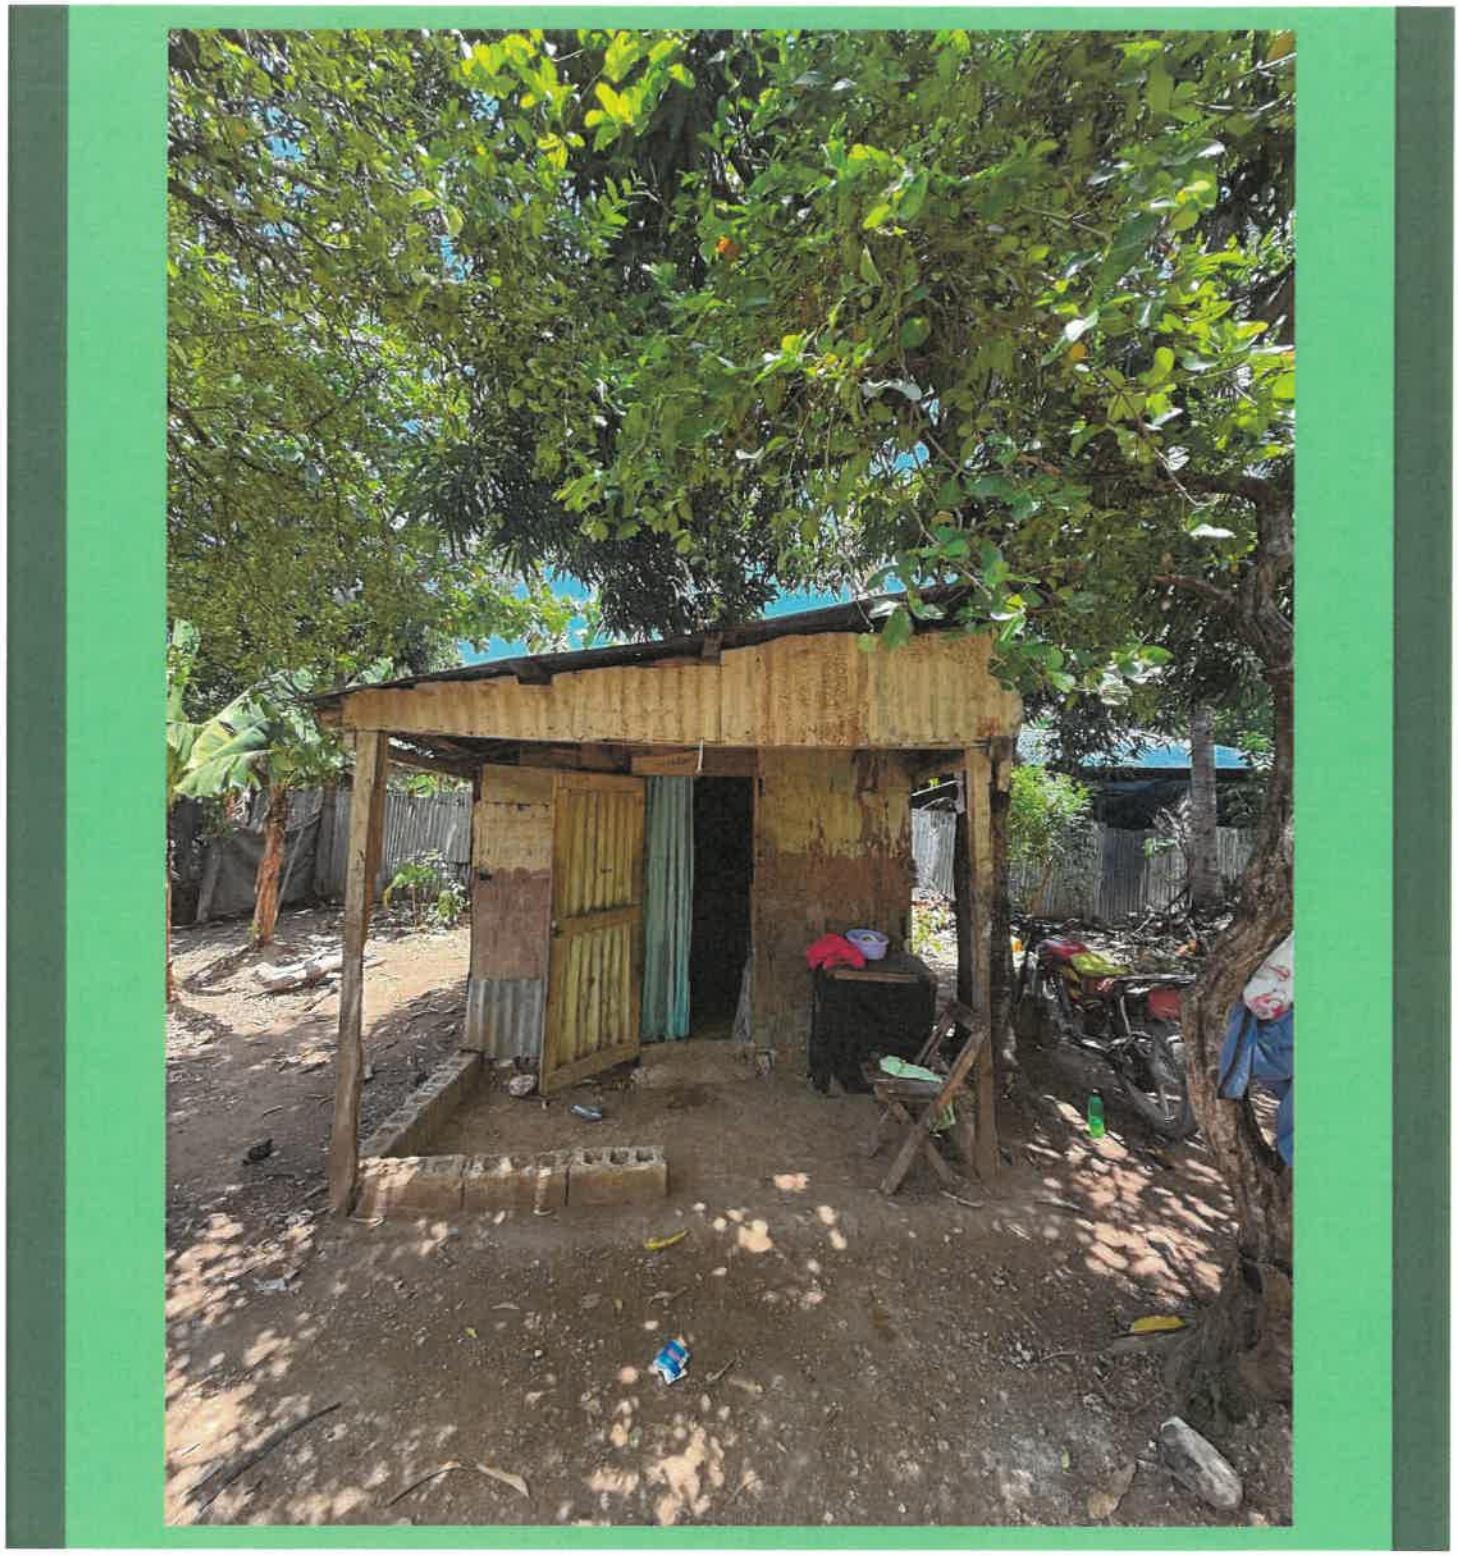

GUERRIERO

We funded revival services at Matthieu, Belval, and Ka Chandel churches. Several gave their lives to Christ during these outreaches. We have also continued funding materials for discipleship classes to help deepen new believers' knowledge and faith in Christ.

We finished construction on a home for a co-laborer. This man helped Juniper build homes for 16 years and never asked for one himself, even though he lived in a leaky tin box made from used tin. It is a blessing, as his home nears completion, to know he will have a small but dry block home with cement floors.

If you would like to learn more about Juniper, we are having our annual fundraising banquet on November 7. This banquet sets the stage for ministry over the next 12 months. At this banquet, one-time donations and monthly commitments enable us to set the ministry agenda for the next year. We would love to have you attend to learn even more about Juniper.
