

Discoveries in Desert Places #5 - Numbers 11:10-29 4/14/2019

**MOSES THE LONER BECOMES MOSES THE LEARNER**

The desert place is a draining place - draining our energy and self-sufficiency

On a good day he was **exhausted**, on a bad day he just wanted to **die**!

Moses learned he **could not, should not, and need not** walk alone

**How close are you living to the breaking point?**

**Exo 17:8-15 THE PHYSICAL BATTLE - Physically Drained Intercessor**

***He couldn't hand his rod over - but he needed help from two good friends***

**Galatians 6:2-5** Some burdens must be borne, and others must be shared

**Individual *responsibility* and *personal limitations***

**Exo 18:13-27 THE MENTAL BATTLE - Mentally drained Prophet**

***He couldn't hand his role over - but he needed help many others***

Moses couldn't see his unsustainable plan - it took an **outsider** to see it!

Moses learned that the way to sustain...was to train! Make disciples & delegate!

**Numbers 11:1-29 THE SPIRITUAL BATTLE - Spiritually drained Leader**

***He couldn't hand his responsibility over - but he needed help from 70 elders***

He was worn out, exasperated, frustrated, exhausted, and ready to quit!

God let him get there, because there was no other way for Moses to learn.

He wasn't jealous, he was just ignorant of God's remedy for his need.

So Like Us!

**Gal 6:2,5** Bear one another's burdens & bear your own.

**You need... I need... we all need**

**Praying, Bible taught, Spirit filled friends - that's what we need!**

**God has them for you and God has you there for them.**

**Find them. Be them. Don't go it alone!**
