MISSIONARY QUOTE...John Piper communicated, "The most dangerous thing in this world is the sin of self-reliance and the stupor of worldliness."

***Most assuredly our society is caught up in a "Me" syndrome, as a result of possessing a Global World vision, instead of a Biblical Worldview.

***SCRIPTURAL CHALLENGE..."Do not be conformed to this age, but be transformed by the renewing of your mind, so that you may discern what is the good, pleasing, and perfect will of God." (Romans 12:2)

***How easy it is to be compliant with the World's philosophy. We begin talking like them, acting like them and even worse thinking or reasoning like them. We must be captivated with a Divine Standard of operation.
