February/March 2019 Mongolia Trip

For the fourth year in a row we had the privilege of teaching house church pastors and leaders in Mongolia. These young leaders are eager learners and fully committed to the Word of God and the work of God in their own country and beyond. This year I taught a new group the course I had written on Missions. We had two groups meeting in the same facility so there were four American pastor/teachers and two Mongolia pastor/teachers we had previously trained. It is exciting to see them take full responsibility for this training ministry,

Please pray for Bahgie and Amrah as they oversee and direct this training ministry, choose those to be trained (the next group starting in September is already full!), and carry on busy ministries as pastors in their own churches. Pray for "D" as he is now the leader of the Union Bible Institute in Darkhan. He is so excited about using the training he has received and reproducing it in many other lives. Pray for Ogi as he is considering missionary service in Inner Mongolia. Pray for Zaya and his young family as they pastor a church and he also serves as a key translator for this ministry. He has used my Bible study method and has written out his studies on 8 books of the New Testament since last year. This may become a key resource in helping many others in the years ahead.

Your faithful prayers and support make this possible. I am hoping to continue this training in Mongolia for another five years, if God provides health, strength and prayer partners like you to enable us to keep going. Thanks for your friendship and faithfulness to God. You make ministry a joy!

Acts 20:24 But I put no value on my life, if only at the end of it I may see the work complete which was given to me by the Lord Jesus, to be a witness of the good news of the grace of God.

In Christ's amazing grace, Ron & Val
