Such as These

Jesus said, "Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these." Matthew 19:14

As July began, so did the season of VBS. We were able to host VBS at eight churches this year. Each church had between two and 300 children attend VBS. They learned God's word by memorizing scripture, received a great meal, and spent time fellowshiping together. It is a great way to reach into the lives of the children. It also gives the children visibility into the church and Bible club.

Bible clubs continue to be an effective way to not only reach children for Christ but also to speak into the lives of their families. As we previously shared, we initiated two new Bible clubs this year, along with a new church plant. These are both in difficult areas of Haiti containing a lot of voodoo. God is good as the church plant and the Bible clubs continue to grow.

We were able to complete the construction of a home for one of the ladies who cleans the ministry center and helps care for the teams. It is a blessing for her to receive a home that is dry with a cement floor. We are thankful that God blessed her with this new home. The men worked very hard, constructing it as it was literally on the side of the mountain. It created a lot of challenges, but through God's blessing, your support, and the hard work of the men, it was completed.

In our last newsletter, we shared with you about switching the gardens over to peanuts. One of the reasons for doing this was to return nitrogen to the soil. I'm happy to share that we were blessed with two very good harvests so far, and everything has been replanted, mostly in peanuts. The peanuts were distributed to the elderly and widows in 6 churches.

We are currently organizing a food distribution of rice and beans. Things continue to be very difficult for our brothers and sisters in Haiti. There is still time to contribute to the food distribution if God leads you to help.

We would also like to invite you to our yearly fundraiser. As teams have been unable to travel to Haiti, our visibility as a ministry has decreased here in the States, but God is good. With your continued support, the ministry continues to thrive and reach into the lives of the hurting and lost. If you would like to attend our annual banquet this year to see firsthand all that is happening, we would love to have you. Simply reach out and let us know you are coming, so we are sure to prepare enough food.
